Weekend Surcharge	Private		\$15.00	Concession		\$10.00

### Welcome to our practice

We are pleased to offer greater availability for acute general practice matters. The GP fees are applicable for visits with Dr Meyer, Dr Gavin, Dr Roberts, Dr Jones, Dr Tong, Dr Allan & Dr O'Donnell. Integrative Health Solutions is not a bulk billing practice and full payment is required on the day of your consultation. If you are eligible for a Medicare rebate and bring a debit card, these can be paid into your bank account instantly. Concession discounts apply when a valid concession card is presented at your appointment.

Minimum Medicare rebates are outlined above for your convenience. Larger rebates may apply if you reach the Medicare Safety net at any time during the year, minimising the gap you pay.

Phone consults are available for single brief concern & telehealth consultations are advised for more complex matters. Fees are outlined above for all consultations & are the same irrespective of the delivery. The item number is dependent on both time and content. When booking a telephone or telehealth appointment, payment details are taken securely in the form of a token via automed. At the conclusion of your appointment an invoice will be emailed to you and the card processed. Repeat prescriptions can be requested online via Auto-Med and your appointments can also be managed using the Automed App (downloadable to your android/iphone). If you are facing a time of extreme financial hardship, please speak to our team.
